### Yes, I want to foster a horse!

*Your support enables us to rescue, care for,  
rehabilitate, and place the animals we save.*

Due to zoning restrictions, Shilo's Inn is only able to support a limited number of horses on our premises at any given time. These horses are in various stages of recovery, and there are other horses still awaiting rescue in the auction yards and government holding pens, as well as from backyard abandonment and abuse. By fostering horses in our care, you open a space in our barn for one of these desperate animals.

*Fostering a horse obligates that you take the animal onto your own property and care for it, using funds from Shilo's Inn, until a permanent and loving home is found. Caring for a fostered horse, with our financial support, is strictly a volunteer effort, so we can't thank you enough for your generosity.*

If you have a place for a horse (shelter, safe enclosures, etc.), and wish to foster one or more of our horses, please fill out the form below and fax or mail it to us. We will then contact you to set up an appointment to view your premises for inspection and to proceed with further applications.

*Every fostered horse makes room for an equine in desperate straits. Thank you so much for your support!*
